

# Sfrito Scholarships for Exercise Professionals

## Overview and Purpose

Sfrito, in conjunction with the Register of Exercise Professionals, has a number of scholarships available to assist in continuing education.

All scholarships are designed to encourage continuing education of exercise professionals, with the ultimate outcome of a more educated and informed exercise community, serving the needs of the public better.

## Application Process

All scholarships are available through an application process. As there are a limited number of scholarships, not all applications will be able to be approved. Applications will be approved based on the highest merit and need. Consideration will be given to how the continuing education will be applied, and if/how it will be shared with other exercise professionals.

## Scholarships Available

There are twelve scholarships available, up to \$500 each.

Successful applicants are required to produce a one-page summary of their learning from the event, and permission for this summary to be shared. Individuals must be REPs registered to apply.

**Applications are now open and are available until all scholarships are used.  
Training must be held some time during 2007.**

## Notes:

Application details are used to process scholarships applications, so please ensure you complete this application in full (incomplete applications can not be considered). While information provided on this application form is used to assist in determining which applications are granted a scholarship, not all information forms part of any criteria.

Incomplete applications will not be considered. Please ensure you include all information asked for.
