Our Christchurch Exercise 'Family' - We are here for you

It has been another tough week for Christchurch and I just wanted to let you know that both REPs and Fitness New Zealand are here to support you.

I am currently on the road with Richard Beddie (CE Fitness New Zealand) and personal training guru Ish Cheyne on the nationwide Business Grow. We were in Tauranga at the time the large aftershocks hit Christchurch. We made immediate contact with many people in Christchurch and the good news was that most had not been significantly further affected (other than frazzled nerves!). It was also so good to hear that there hadn't been further loss of life.

We know that by helping each other through the earthquakes, we will 'get through' and come out a more resilient and stronger industry.

The REPs/Fitness New Zealand office has reopened today as power and water services have been restored, so we are back on board and here to support you.

If we can help in any way, be it help with finding a temporary location to operate from, or if you are feeling isolated operating out on your own and would like someone to chat to, then please do not hesitate to contact us. You are also very welcome to pop in for a coffee and we even have real coffee on offer.

If the latest "shakes" have caused a loss of power at your facility or home (I hope you can still read this email if this has occurred), we can help with photocopying or provide a place to come and charge your phones or laptops.

Also, if you are aware of any opportunities which would be beneficial for other Christchurch exercise professionals (such as opportunities to operate in studios, or training or workshops etc), we are happy to communicate and share these through the REPs emails. Please email (info@reps.org.nz) or call 0800 55 44 99 with details.

Business Grow – Monday 20 June

We are pleased to confirm that the Christchurch Business Grow is unaffected as the Chateau on the Park is open and operating normally. It is still not too late to register for this great event. This will be an excellent opportunity to learn a lot of ideas to use in your business, and to network with other Christchurch trainers. Fitness New Zealand have extended a super rate of \$74 for Christchurch trainers and available until the end of Thursday this week. To take advantage of this offer, please go to www.businessgrow.co.nz and use the special rate code BGPT.

We are thinking of you all

Stephen Gacsal
REPs Registrar
